# Introduction

Have you smelled the perfume of new-cut hay lately? Or relished a marvellous home-cooked meal, with an appetite inspired by the outdoors? Have you walked a country mile, or felt the warm velvet nose of a nuzzling horse looking for a treat?

Has it been a long time — or is it a completely new experience for you?

Whether you are city-born or country-bred, you and your children can have all the pleasures of country living on an Ontario Vacation Farm.

You can give your children the experience of making friends with farm animals and pets. You can give them a holiday in an atmosphere of stability, for many of the Vacation Farm homes have grown from original homesteads. Grandmother and grandfather are often part of the picture — and they are very good at telling interesting stories.

Picnics and hikes in the fragrant woods, hunting and fishing, learning something of the lore of nature, overnight campouts for children, country auctions, and the pleasurable quiet of the beautiful Ontario countryside — all are there waiting for you when you choose an Ontario Vacation farm holiday.

Summer, fall or winter — there's no closed season on good times in the country. Many farms will welcome you any time of the year . . . for a weekend or a full scale vacation.

## **How do I get more information on Vacation Farms?**

Vacation information, reservations and detailed arrangements can only be made directly with the host of your choice. A minimum non-refundable deposit of 10% is payable when you make your reservation for a relaxing farm holiday.

# Do's & Dont's

## For the farm vacationers

**DO** take along some old clothes, and lots of extra shoes.

**DO** plan some sightseeing of the countryside

**DO** instruct your children to wipe feet before coming in the house.

**DO** try to fit in with your host's house rules

**DO** tuck in a supply of books and games as well as clothes for rainy weather.

**DO** make your vacation arrangements directly with the farm of your choice. You might like to visit the farms ahead of time.

**DO** make reservations as early as possible

**DO** pay on arrival. You and your farm host family will find it easier to do business while you are still strangers.

**DO** remember your hosts are busy people. Help them by keeping property free of litter.

**DON'T** take a pet unless you first ask. City and farm animals don't always get along.

**DON'T** keep the farm folks up too late

**DON'T** take your children to a farm if you can't control them.

**DON'T** forget your camera. There'll be plenty of "firsts" to record for posterity.

**DON'T** smoke in the barn or other "farm" buildings.
